

LINES OF PEACE

Final Instructions Given to the Delegates.

Will Be Adherence to Protocol Terms—Philippines—A Hopeless Tone in Land of Don.

PEACE BASIS.

WASHINGTON, Sept. 15.—The Peace Commissioners received their final instructions from the President today, and the State Department tonight gave out the following concerning the discussion between the members of the Cabinet and the Peace Commissioners: "The members of the Peace Commission, with the exception of Senator Gray, whose absence was due to his inability to withdraw as counsel in a case in which he was engaged some time before his appointment as one of the Peace Commissioners, have spent the greater part of yesterday and today in a free discussion of the duties, with the discharge of which they have been intrusted by the President. Senator Gray is expected during the evening, and before sailing will have a full conference with the President and his associates.

"While for obvious reasons it was determined that the nature of the instructions as to the negotiations about to be entered upon should for the present be kept secret and made known only after definite results shall have been reached, it is possible to state authoritatively that the Commission goes to Paris fully prepared to follow a course of action mapped out for it as the result of the consultations of the last two days.

"At the very outset it will be made clear to the Spanish Commissioners that, as in the case of the preliminary protocol, there can be no deviation from or modification of the demands made by the United States."

AMERICAN CONTROL.

WASHINGTON, Sept. 15.—The general opinion is that the instructions finally drawn up and approved by the President and his Cabinet at the special meeting this afternoon after long conference with four members of the Peace Commission, mean permanent American control of the Philippines. Although there was an agreement that nothing should be divulged as to the nature of the instructions, it was told tonight, by a high official of the Administration who is familiar with its contents that the instructions meant that a treaty would make American control of the entire Philippines group inevitable.

A HOPELESS TONE.

MADRID, Sept. 16.—The alleged intention of the United States to demand the island of Luzon is regarded by the Madrid Foreign Office as an infringement upon the spirit of the peace protocol. If Spain is compelled to cede that island to the United States, great efforts will be made to retain the right to determine the disposal of all the other Philippine islands, with a view of eventually abandoning them altogether.

SPAIN'S COMMISSIONERS.

MADRID, Sept. 16.—The Spanish Peace Commission has been appointed. Senor Montero Rios, President of the Senate, will preside. The other names are withheld until the Queen Regent has given her approval.

KITCHENER'S NEXT TASK.

LONDON, Sept. 17.—A dispatch to the Morning Post says Gen. Kitchener has absolute authority to claim Fashoda as Egyptian territory and to expel the present occupants forcibly if necessary. Fashoda, the correspondent says, will then be occupied by an Egyptian garrison.

CUBAN ANNEXATION.

NEW YORK, Sept. 14.—A San cable from Havana says: A great political agitation is imminent. Annexationists are widely circulating a petition addressed to President McKinley, asking that the United States annex the island immediately. This petition is being signed by merchants, sugar planters and other influential people. A group of Spaniards who do not favor annexation held a meeting last night.

GERMANY FRIENDLY AGAIN.

NEW YORK, Sept. 11.—A cable to the Tribune from London says: Signs are not lacking that the relations between the United States and Germany have improved during the last month. I am informed by one of the keenest American observers in Germany that there is no possibility that the Berlin Government will embarrass Washington by its action on the Philippine question.

SENATOR KYLE STRICKEN.

CLEVELAND, Sept. 14.—Senator James H. Kyle, of South Dakota, was stricken with paralysis at the Forest City House here today. The Senator is unconscious and is in a serious, though not necessarily dangerous, condition.

COUNTRIES FALL OUT.

ROME, Sept. 14.—Italy, it is announced, declares that her diplomatic relations with the Republic of Colombia are ended, Colombia refusing to

recognize the British Minister as the Italian representative during the latter's absence.

TO SUCCEED ADMIRAL MILLER.

WASHINGTON, Sept. 15.—Secretary Long today assigned Commodore Albert Kautz, at present in command of the naval training station at Newport, to command the Pacific station in place of Rear-Admiral Miller, who is to retire in the course of a few weeks, being the senior Rear-Admiral of the Navy. Rear-Admiral Miller is now at Honolulu, and Commodore Kautz has been directed to take steamer from San Francisco for that place early in October.

Commodore Watson has been ordered to proceed in the Newark to Port Antonio and there take the steamer for New York. He will soon leave to assume command of the Mare Island Navy Yard, in succession to the late Rear-Admiral Kirkland.

IS FROM LONDON

Miss Kate Marsden Comes to Visit Molokai.

Represents a Rich Guild—is an Agent to Observe and Recommend. Knows No Enemy.

Miss Kate Marsden, delegate of St. Francis Guild, Landsdowne, arrived by the Coptic yesterday afternoon and is at the Hawaiian Hotel. This lady is practically the head of an organization which has as its first object the comforting of persons afflicted with leprosy. The Guild has sent nurses into all places where the disease exists. Miss Marsden has given eighteen years of her life to directing this work as well as a large portion of a fortune in money. She comes to Honolulu with the best of letters. One of them is from Queen Victoria, addressed to the rulers of all countries. Soon after her arrival she had a consultation with Bishop Gulstan.

Miss Marsden comes to Hawaii for the purpose of visiting Molokai. This is the object and end of her trip. She proposes printing her observations and impressions for the benefit of the Guild. If the Guild finds anything to do at Molokai, it will undertake it. Miss Marsden states that the institution has money and volunteers for just such work as she feels will probably here be presented.

It is a fact that a letter has preceded Miss Marsden from London, warning the Molokai authorities against her and her mission. She knows nothing about this and feels surprised that it should be so. She guesses, however, that the letter was sent by an organization opposed, religiously or otherwise, to her Guild. Miss Marsden will apply to the Board of Health next week for permission to spend several weeks at Molokai.

TURKEY DEFIANT.

CONSTANTINOPLE, Sept. 14.—The Turkish Government has assumed a defiant attitude in its reply to the ultimatum of the Admirals of the combined fleet in the Cretan waters. Turkey, in reply to the demand for the surrender of the ringleaders of the Mussulmans who participated in the recent massacre of Christians at Candia, alleges that the trouble was provoked by the British, and that the present situation is the sequel of the measures adopted by the powers in Crete.

A KILLING CYCLONE.

ST. THOMAS (D. W. I.), Sept. 14.—A boat from the island of St. Vincent, 100 miles west of Barbadoes, arrived today at the island of Grenada and reports that St. Vincent has experienced the most violent and destructive cyclone ever known there. Kingston, the capital of St. Vincent, is totally destroyed. It is estimated that 200 lives have been lost in that island and that 2,500 people are homeless. The bodies of the dead are being buried in trenches.

TRUST DIVIDEND.

NEW YORK, Sept. 7.—The directors of the American Sugar Refining Company have declared the regular quarterly dividends of 3 per cent on the common stock and 13 per cent on the preferred stock, payable October 3d.

Bennington.

The United States gunboat Bennington went up to Mare Island September 10th to prepare for her trip to Honolulu, for which port she will sail at an early date. The Philadelphia, on the arrival at Honolulu of the Bennington, will return to San Francisco.

CHRONIC DIARRHOEA CURED.

This is to certify that I have had chronic diarrhoea ever since the war. I got so weak I could hardly walk or do anything. One bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy cured me sound and well.

J. R. GIBBS, Fincastle, Va.

I had chronic diarrhoea for twelve years. Three bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy cured me.

S. L. SHAVER, Fincastle, Va.

Both Mr. Gibbs and Mr. Shaver are prominent farmers and reside near Fincastle, Va. They procured the remedy from Mr. W. E. Casper, a druggist of that place, who is well acquainted with them and will vouch for the truth of their statements. For sale by all druggists and dealers. Benson, Smith & Co., Ltd., agents for H. I.

IS A MAJOR NOW

War Work of H. C. Cochran, U. S. M. C. in Cuba.

Unflinching Bravery of an Officer Well Known in Hawaii—He Has a Fine Record.

The war produced few pluckier passages than the landing of Colonel Huntington's marines at Guantanamo bay, a few days before Shafter's army sailed from Tampa. The place of landing was a low, round, bush covered hill on the eastern side of the bay. On the crest of this hill was a small clearing in the chaparral occupied by an advanced post of the enemy, who retreated to the woods when the marines landed and climbed the hill. Unfortunately, the clearing occupied by the marines was covered, save at its crest, with a dense growth of bushes and

scrubs, and was commanded by a range of higher hills a little further to the eastward. Thus the Spaniards, who soon plucked up courage, were able not only to creep close up to our camp under cover of the bushes, but to fire upon it from the higher slopes of the wooded range. The marines replied vigorously to the fire of their hidden foe, and there ensued a hit or miss engagement which continued, with an occasional intermission, for four days and nights. Finally, however, the marines managed to cut away the chaparral around the crest of the hill so as to enlarge the clearing, in which they planted half a dozen rapid fire guns; and on the fourth day of the long fight the Spaniards gave up the contest and abandoned the field.

Major Henry C. Cochran, second in command of the marines, says in his official report that he slept only an hour and a half in the four days, and that many of his men became so exhausted that they fell asleep standing on their feet with their rifles in their hands. Major Cochran, whose bravery in the face of desperate and unseen odds is sure to be duly and generously rewarded, is a veteran of the Civil War, and has been an officer of marines since 1863. He is a native of Chester, Pennsylvania, and entered the navy as a mere boy at the first call to arms in 1861. As soon as he reached the necessary age he was transferred to the marine corps and saw active service on blockade duty along the Atlantic coast, on the Mississippi River, and in the Gulf.

Since then his long cruises have taken him to all the grand divisions of the earth. He was sent on shore from the Lancaster, at Alexandria, with a detachment of marines to assist in preserving order after the bombardment of that city by the British. At the last Paris Exposition, he commanded the marine guard which won such high encomiums from officials of all countries, and was decorated by the French president with the Cross of the Legion of Honor. He was orator of the day on the Fourth of July that the Constitution of the Republic of Hawaii was promulgated, was in Moscow at the coronation of the late Czar and has spent a summer in Behring Sea, helping to guard the seals. Before starting for his perilous service in Cuba he was in command of the marine barracks at Newport, Rhode Island.
